Please bring your Bible, a pen and your group notebook to all the sessions. We want the notes you make in your notebook to be something you can look back on in the future, to help you take what you learn in the group into your everyday life.

It is really helpful to know who to expect, so if you can't make it to one of the evenings then please do let us know.

If you want to **bring friends** along to any of our activities that's great, but it would be great to know in advance.
